

**REMARKS**

The Examiner's Quayle Action of February 15, 2005 has been received and its contents reviewed. Applicant would like to thank the Examiner for the consideration given to the above-identified application, and for indicating the allowance of claims 1-6.

By the above actions, claim 6 has been amended. Accordingly, claims 1-6 are pending for consideration, of which claims 1 and 6 are independent. In view of these actions and the following remarks, reconsideration of this application is respectfully requested.

Referring now to the detailed Office Action, the disclosure stands objected to as containing informalities. Specifically, in claim 6, the phrase "applied to sources" should be read as "supplied from sources". In response, Applicant has amended the claim as suggested by the Examiner.

In view of the amendment set forth above, Applicant respectfully requests reconsideration and withdrawal of the pending objection.

While the present application is now believed to be in condition for allowance, should the Examiner find some issue to remain unresolved, or should any new issues arise, which could be eliminated through discussions with Applicants' representative, then the Examiner is invited to contact the undersigned by telephone in order that the further prosecution of this application can thereby be expedited.

Respectfully submitted,
